

VINAYAK WIRE PRODUCTS PVT. LTD.

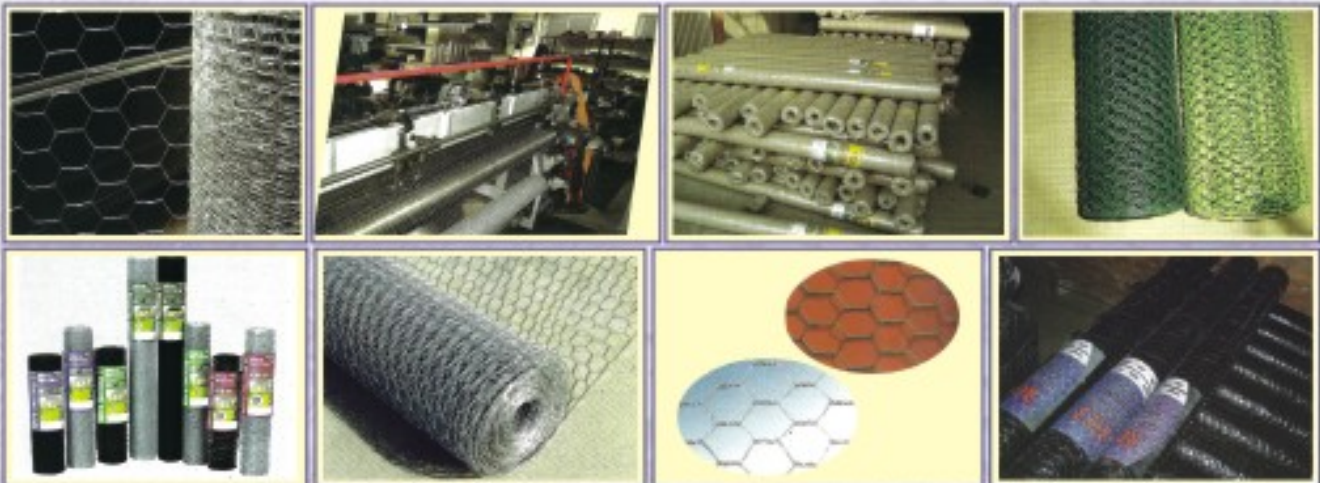

Company Profile:

Established in the year 2007, Vinayak Wire Products Pvt. Ltd. is counted among the leading manufacturer and exporter of a wide range of wire mesh products. With years of dealing with wires and meshes, we have been able to create a niche for us as one of the leading galvanized iron wires manufacturers in Kolkata. As the renowned hexagonal wire netting manufacturer, our area of expertise lies in designing and manufacturing galvanized iron wires, stainless steel iron wires, black annealed iron wires and welded wire mesh products.

Further, our scope of business as one of the galvanized iron wires manufacturers in Kolkata, we deal with the fabrication and marketing of new building materials.

Wire & Wire Mesh Products:

We are the leading supplier of wire and wire mesh products in India. Our products enjoy an excellent reputation. Our main wire mesh products include Galvanized Iron Wire, Stainless Steel Iron Wire, Black annealed Iron wire, Hexagonal Mesh, Stainless Steel Wire Mesh, Galvanized Iron Wire Mesh, etc.. Meticulous testing and constant product evaluation ensure consistent, high quality products.

We sincerely hope to establish good and long-term business relationship with your esteemed company and promise to offer you quality products, competitive price, timely delivery, and other excellent service. If you are interested in any of our products, please feel free to contact us for details.

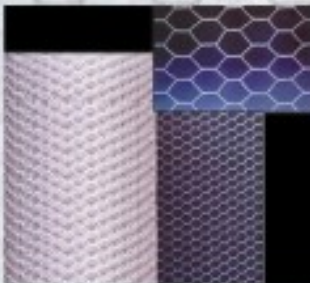

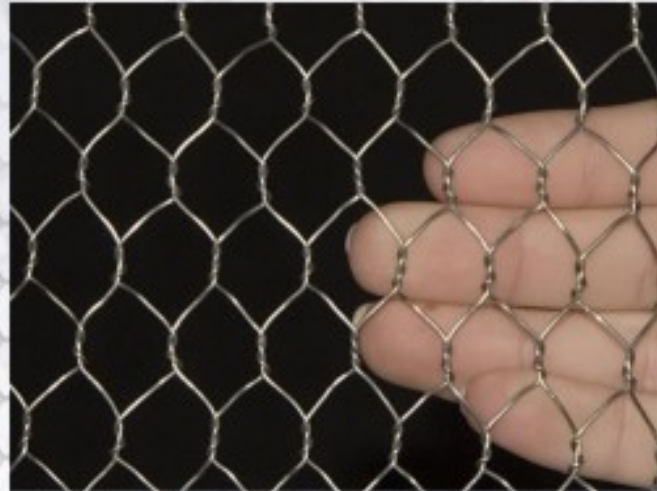

Wire & Wire Mesh Products

Galvanized Hexagonal Mess/Stainless Steel Hexagonal Mesh

Uses: Extensively applied as pipe wrapping in petroleum and chemical industries, for construction and residential windows, garden fence as well as fence for fish pools, poultry farms and zoos.

Description: Hexagonal Wire Netting made from quality Iron Wire/Stainless Steel Wire. It is available from 2ft. to 6ft. in width having aperture sizes $\frac{1}{2}$ ", $\frac{3}{4}$ ", 1" made from 19 Gauge to 28 Gauge Wire quality.

Note: Special sizes available at request.

Galvanized Hexagonal Mesh / Stainless Steel Wire Mesh

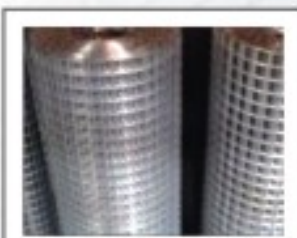

Welded Wire Mesh

Uses : Welded wire mesh is made of high-quality iron wire through automatic process and sophisticated welding technique, laid horizontally and vertically, individually welded at every intersection. The product is level and flat. Welded Wire Mesh offers good corrosion-resistance and oxidation-resistance, it can be used for poultry houses, egg baskets, runway enclosures, draining racks, porch guards, rat-proofing, safety guard on machinery, animal and plant fence and shelves, etc.

Description : Wire Netting made from quality Iron Wire/Stainless Steel Wire. It is available from 1" to 3" in aperture having 12 Gauge to 22 Gauge of Wire quality.

Varieties Available : Galvanized, PVC Coated, Ms Black.

Note : Special sizes available at request.

Wire & Wire Mesh Products

Chain Link Fence/ Wire Mesh

Uses: Woven diamond pattern provides strong, durable and flexible construction. The closely spaced diamond mesh construction gives your fence liner strength and springy texture. Diamond Mesh is used as fencing for sports field, river banks, construction and residence, also animal fencing.

Description: It is made from low carbon steel wire. It is available from 2 inches to 6 inches. In width having aperture 8 Gauge to 18 Gauge. Wire quality.

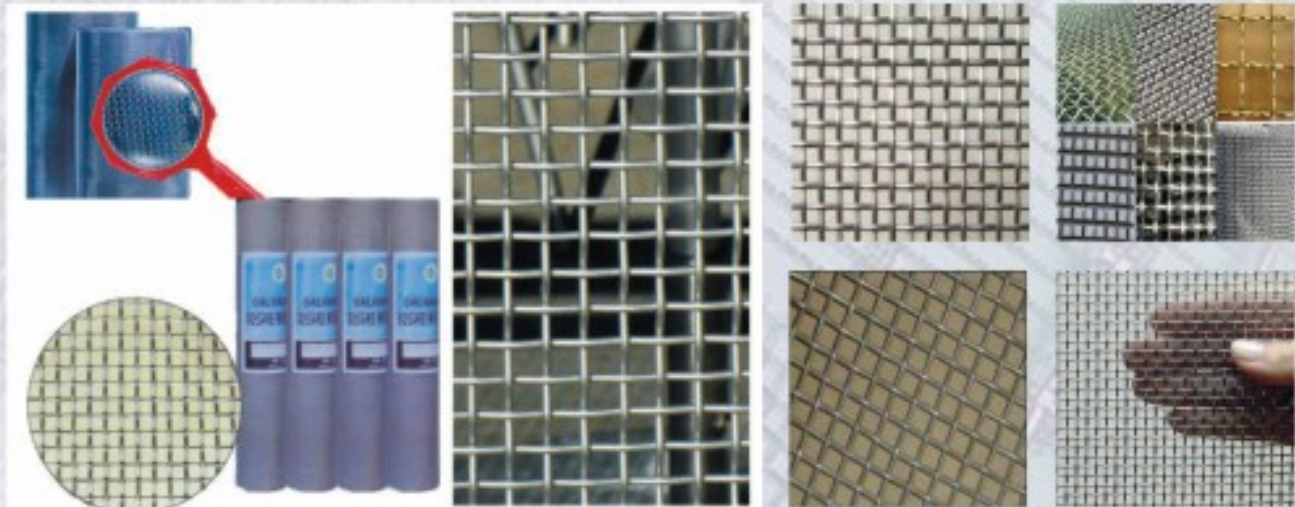

Square Wire Mesh

Galvanized/ Stainless Steel Square Wire Mesh.

Uses: Square Wire Mesh is widely used in industries and constructions to sieve grain powder filter liquid and gas, for other purpose like safe guards on machinery enclosures. Besides, it is widely applied for the substitute of wood strips in making wall and ceiling.

Property: Square Wire Mesh is made of selected low carbon iron wire with precision constructions, uniform mesh, and fine rust-resisting and durable function.

Description: It is made from low carbon steel wire. It is available from 2 inches to 6 inches. In width having aperture 8 Gauge to 18 Gauge.

Wire & Wire Mesh Products

Wire Products

Galvanized Iron Wire

Variety: Hot-dipped galvanized iron wire, electric galvanized iron wire.

Uses: Mainly telecommunication equipment and materials, medical equipment and device, weaving of wire mesh, steel rope, and filtration mesh, high-pressure pipe, construction, arts and craft, etc.

Description: It is made from 8 gauges to 28 gauge of wire quality.

Note: Special Size Available at request.

Stainless Steel Wire

Material: 304, 304L, 316, 316L

Size: Diameter 5mm to 0.025mm

Uses: Stainless Steel Wire is used in a number of industries including wire-drawing, weaving of wire mesh, soft pipe, beam of cabinet, steel wire rope, filter material and equipment, spring, making of handicraft, etc.

Description: It is available from 8 gauges to 28 gauges.

Note: Special sizes available at request.

Wire & Wire Mesh Products

Barbed Wire

Uses: Galvanized barbed iron wire is suitable for industry, agriculture, animal husbandry, dwelling house, plantation or fencing.

Packing: In Coils

Description: It is available from 2 ply & 3 ply made from 10 gauges to 16 gauge of wire quality.

Concertina Wire/Razor Wire

Razor Wire Materials: Hot dipped galvanized steel sheet and wire, Stainless steel sheet and wire: AISI430 and AISI304.

Razor wire in hot dipped galvanized sheet is economic cost compared with stainless steel razor wire. It has bright and beautiful blade of various types, offers good corrosion resistance. Galvanized razor wire can be supplied in straight line razor wire, single coils razor wire or crossed concertina razor coils.

Blade types for galvanized razor wire: BT-10, BT-12, BT-18, BT-22, BT-28, BT-30, BT-60, Bt-65, etc.

Sizes of Hot Dipped galvanized razor wire: Different diameter from 450mm to 980mm while the length and the diameter of the razor wire can be customized.

Note: Special sizes available at request.
